Annual Agronomy VEISHEA Village Display April 20, 2013

The Department of Agronomy display at VEISHEA Village has become an annual VEISHEA tradition, so much so that our Sweet Soil Treat has been mentioned in past articles as a “must see” along with as cherry pies and the parade.

On April 20, 2013, the Department of Agronomy will set up our annual display to interact with the tens of thousands of visitors to VEISHEA. And we need you to provide the human faces of Agronomy.

There are two main shifts during VEISHEA –
• Shift 1 from 11:00 AM to 2:00 PM
• Shift 2 from 2:00 PM to 5:00 PM

These are the times when we will have people in our tent wanting to learn more about Agronomy. (Well, they probably mostly want the free food, but it won’t hurt them to learn something about us!)

If you are willing to participate in the display, please email Tyler Teske with your shift preference. The student clubs are already helping out with some of the general staffing needs, but we need faculty and staff to be friendly and knowledgable resources for the largely non-farm visitors to our tent.

If you have never participated in VEISHEA, you can see a brief rundown of what we do in our 40x80 foot tent at this link: http://agron.iastate.edu/newsletter/repository/2012/20120423.v5i16.pdf

If the listed shifts do not work for you, but you still wish to participate, you can volunteer for the setup or tear down. Setup starts at 6:00 AM. Tear down begins at 5:00 PM.
