Collaborator

“You’ve achieved success in your field when you don’t know whether what you’re doing is work or play.”

Notes

Park Bikes Outside
If you ride your bicycle to campus, it needs to remain outside the building. Bikes in the building bring in dirt and debris from outside, and cause undue wear and tear on office carpets as well as making the carpets and building more difficult to keep clean.

Bike racks are available:
• Near the Agronomy Building main entrance on Farm House road
• In the courtyard area
• By the Southeast entrance east of the teaching greenhouse
